Mission Statement

The purpose of this organization is to bring together people who share a common interest in our library and its services. We endeavor to foster a positive relationship between the library staff and the community it serves; to increase the use of the library; to fund and run library programs of interest to the community; and to help acquire funds for the purchase of library materials and improvements. We will support and assist the library staff when requested. We wish to help our library grow and expand to meet the needs of our growing community.
