

### **Objective/Goals For Winter Reading BINGO:**

The objective of the program is to encourage reading for all ages and rewarding those readers. The program not only encourages reading but also give them other activities to enjoy during the winter season. For instance, it challenges them to read something new, read a genre they normally wouldn't, spend time doing new activities, getting outside, artistic creativity and baking something new. The overall goal is to harness a love for reading and in turn become better, well-rounded readers.

### **Objective/Goals For Biggest Loser:**

The objective of the program is to encourage health life long choices for our patrons. This program also gets them in the library on a weekly basis. My goal is to have plenty of materials for them to checkout on healthy living/healthy eating and encourage them to check it out. Also I would love to highlight healthy options for them around our town like the different fitness programs that are offered.

### **Objective/Goals For Cooking with Lavender:**

Culinary literacy is learning through cooking and learning about cooking. Participants will increase their financial and/or health literacy, as well as cultural and social connections.

### **Objective/Goals For Cupcake Wars:**

The objective of the program is to have kids coming up with creative flavor combinations while also putting together decorative designs. They will have to measure, mix, combine and create.

### **Objective/Goals For Winter Bird Feeder Class:**

The objective of the program is to teach families about what birds stick around for the cold winter months and also talking about why they need some extra help in the winter. They also will get busy creating not one but 2 bird feeders. We will also be going outside and learning about our winter wonderland environment.

### **Objective/Goals For Stuffy Sleepover:**

The objective of the program is to incorporate early literacy, creativity and social skills. Learn fun action songs, listen to a story, and make a fun craft, also socialize with other kids. Kids will also have to follow simple instructions and learn how to be good listeners.

### **Objective/Goals For DIY Neon Signs:**

Teens will be working with a variety of tools and items to create a one of a kind piece. They will need to follow step by step instructions, learn to work with some power tools (with supervision) and also come up with a one of a kind design and figure out how to properly weave the neon.
